Visit www.transportedart.com/events for more details on exact locations of stops

CREATE BEAUTIFUL WIRE SCULPTURES WITH FACELESS ARTS

Using brightly coloured aluminium wire you can create a wide range of individual sculptures from small flowers and creatures to figures. Artists from Faceless Arts have many years' experience of helping people of all ages create beautiful unique sculptures. Bring your ideas and we'll help you sculpt them. These sculptures can be created in a few minutes or can be completed over a number of mobile library visits. You can make a number of different sculptures over the weeks helping you to develop your skills. The finished pieces will contribute to a touring exhibition in a mobile library, before being available for you to collect to take home to keep.

For more information visit www.transportedart.com or call 01406 701006.
